Online Public Inspection File

Ohio University, licensee of noncommercial educational television station WOUB-TV, Athens, Ohio, reports the following with regard to the timely placement of an item into the station's public inspection file. The WOUB-TV online public inspection file is now complete with all required items, but one (1) annual EEO public file report (for 2019-20) was uploaded late to the file during the current license term due to an oversight. (Notably, the report was timely prepared and timely uploaded to online public files for co-owned and co-located stations WOUB(AM) and WOUB-FM). Importantly, however, as it became aware of this issue, WOUB moved this item into the TV station's online public inspection file. WOUB regrets the delay in the appearance of this report in the TV station online public inspection file, but believes that the station's online public file is now complete and includes all required materials.
