

KKOB-FM Renewal Certification Exhibit

The ultimate parent of the licensee, Cumulus Media Inc. (“Cumulus”), as well as various other direct and indirect wholly-owned subsidiaries, emerged from a Chapter 11 bankruptcy proceeding on May 10, 2018. As a result, the station which is the subject of this renewal application was transferred to the licensee on June 4, 2018 pursuant to a long-form transfer of control application (File No. BTC-20180322ALP) following Cumulus’ emergence from bankruptcy. Therefore, the license term with respect to this station commenced on June 4, 2018.¹

Online Public Inspection File

There are documents in the station’s political file that were not uploaded in a timely manner pursuant to 47 C.F.R. §73.3526 of the Commission’s Rules. In addition, despite the licensee’s diligent efforts, there are documents that were not filled out in their entirety, e.g., a list of the officers or board members for non-candidate issue ads, or where the issue was of national importance, a statement about the issue. In such cases, the advertiser failed to provide this information.

On July 22, 2020, the Commission issued an *Order and Consent Decree* (DA 20-776)² in which Cumulus agreed to report any violations of Section 73.1943(c) of the Commission’s Rules. Cumulus reports that on September 17, 2020, it filed a letter in which it explained that on 9 occasions political ad orders were timely uploaded on Station KKOB(AM) but not on KKOB-FM which rebroadcast the same programming. Other than those instances, there have been no violations of this rule since the effective date of the *Order and Consent Decree*.

All issues/programs lists reports are included in the station’s online public file. There are several instances in which the lists were not uploaded into the station’s online public file in a timely manner.

Those station employees who have responsibility for preparing and maintaining the documentation required to be uploaded to the station’s online public file, including its political file, have been reminded of the FCC’s requirements with respect to these matters and have implemented procedures to ensure that the required documentation will contain all of the appropriate information and will be placed in the station’s online public file, including its political file, in a timely manner going forward.
