

WGGN-TV Online Public Inspection File

During the license term, WGGN-TV (Facility ID No. 11027) Sandusky, OH, did not fully comply with certain online public inspection file (OPIF) requirements as provided in Section 73.3526 of the Commission's rules:¹

Children's TV Report – the actual, timely Q1 2016 Children's TV Report, timely filed on 4/5/2016, was erroneously named Q2 2016. On 4/15/2016, when the Licensee's staff discovered that it had erroneously filed the Q1 report saying it was Q2 2016, they uploaded the report again – still erroneously named Q2 2016 and not noting that it was a corrected report - but when opened shows that it was for Q1 2016. It is believed that, as a result of the foregoing errors in the naming of the earlier 2016 reports, the staff person responsible for uploading the actual Q2 2016 report in July 2016 and was filing the report on the last day in office before leaving on vacation, saw a file already uploaded named Q2 2016 and thought that the Q2 report had already been uploaded and thus did not upload a report in July 2016. It is no longer possible to upload or amend reports from 2016. The station is able to produce records showing that they aired a compliant amount of children's programming in Q2 2016.
