

**Mad Dog Wireless, LLC  
KZUL-FM, Lake Havasu City, AZ (FIN: 39562)**

**FCC FORM 2100, SCHEDULE 303-S  
APPLICATION FOR RENEWAL**

**PUBLIC INSPECTION FILE**

Mad Dog Wireless, LLC (“Licensee”), licensee of KZUL-FM, determined that its local public file is not fully in compliance. In particular, the Licensee failed to timely upload to the political file items and quarterly issues programs lists to the online public file. These uploads are in progress at this time.

Licensee prepared for the move to the online public file in early 2018. However, shortly after the transition the employee in charge of the transition passed away. Licensee continued to maintain a timely and complete paper public file, but in the loss, did not identify the transition to the online format.

Since discovering these errors, the Licensee has taken corrective actions to ensure that the file is properly maintained. Specifically, Licensee’s upper management participated in a public file and political file compliance training on May 26, 2021 conducted by Sciarrino & Shubert, PLLC, adopted a political broadcasting compliance manual, and named Scott Gosselin, General Manager, as the compliance officer. Licensee also hired an employee to maintain the public file and compliance matters. Licensee is striving to ensure that no further oversights occur.

**CERTIFICATION**

Except as disclosed herein, Licensee certifies that the documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station's public inspection file as and when required.
