**SUPPLEMENTAL EXHIBIT**

To Whom It May Concern:

The renewal application license to which this exhibit is attached indicated that all biennial reports were not timely filed. This was an oversight due to the combination of the delay in filing the previous report because of the pandemic and the fact that the previous counsel to the licensee did not make him aware of the necessity of the form submission. This is unfortunate because the licensee cannot recreate the forms. There have been no changes in the operation of the station since the last license to cover was granted in 2013. This is a serious matter and the licensee now understands when the reports must be submitted and has committed to ensure that this will not happen again.

Sincerely,

A handwritten signature in cursive script that reads "Greg Best, PE".
