

COMPLIANCE WITH 47 CFR §73.3555(a)

KXXP(FM), Channel 283C1, 104.5 MHz, is licensed to White Salmon, Washington, a community located in Klickitat County, Washington, which is outside all Nielsen-defined radio metro markets.

Bustos Media Holdings, LLC currently is licensee of one primary broadcast station in the FM band which has city-grade contour overlap with KXXP(FM): KZZR(FM), 94.3 MHz, Channel 232C2, Government Camp, Oregon, Facility ID #82538. The transmitters of these two stations are 35.05 km (21.78 miles) apart.

Bustos Media Holdings, LLC is licensee of four AM broadcast stations licensed to communities in the Portland metropolitan area. Two of those stations, KOOR(AM), 1010 kHz, Milwaukie, Oregon, FCC Facility ID #68212 and KGDD(AM), 1150 kHz, Portland, Oregon, FCC Facility ID #71752, have predicted city-grade contour overlap with one or both of the city-grade contours of KXXP and KZZR. The city-grade contour map is attached hereto.

There are at least 35 primary broadcast stations with transmitter sites within 40 km (25 miles) of KXXP or are licensed to the cities of Portland, Hood River and

The Dalles which are licensed to parties who are unrelated to Bustos Media Holdings, LLC. A list of these stations is also attached hereto.

As Bustos Media Holdings, LLC would own only four primary stations (2 AM and 2 FM) in the relevant radio market which has between 30 and 44 stations, its proposed acquisition of KXXP(FM) complies with Section 73.3555(a)(1)(ii) of the FCC's Rules.
