

WBMZ (FM)
279 A – 103.7 mHz – 207.3 M AMSL
Metter, GA
June 2021

**Technical Statement and
Reason for Amendment**

RadioJones, LLC, WBMZ (FM) Licensee, seeks to relocate to a new tower that is being authorized . The station will continue to serve Metter, GA.

The required notification to the Federal Aviation Administration has been made and is currently pending. When the FAA approves the structure, the licensee will proceed with further environmental processing.

Co-owned WXRS-FM will also relocate on the same proposed supporting structure. Each stations will have an independent antenna.

Any new tower construction of this height (199.6 meters) requires an environmental assessment. This assessment will process concurrently with this Form 301-FM.

This application is an amendment to pending application 0000143394. Contour protection under Section 73.215 is being proposed. This question was incorrectly answered in the original filing.
