RE: 29 stations Assignment File # 0000150963

An assignment was filed on June 24, 2021 from DTV America Corporation, HC2 Broadcasting License, Inc., HC2 LPTV Holdings, Inc & HC2 Station Group, Inc. to FideliTV, LLC for the above listed assignment file number.

FideliTV looks forward to getting the stations on the air as expeditiously as possible.

FideliTV is contracting an engineering group to build the stations. The antennas planned for the installation have been ordered. The transmitters are being ordered based upon availability. Upon receipt of this equipment, FideliTV will have the crews staged to install the equipment and begin broadcasting to the public.

FideliTV expects to be able to construct the stations within the next 60 to 120 days and respectfully requests a grant to extend the construction permits by the usual 6 months, per FCC practice.

Sincerely,

Randall Weiss

Member/Manager
