

WAIVER REQUEST

Frank Digital Broadcasting, LLC (“FDB”) requests a waiver to allow the instant extension request to be filed out of time. FDB did not contemplate that an extension would be necessitated. In this regard, equipment had been timely ordered, but FDB was also recently advised that receipt would be delayed due to the COVID pandemic. See attached April 19, 2021 Invoice from R & L Media Systems, Inc. and June 28, 2021 Letter from R & L Media Systems, Inc.

Mr. Frank,

I am sorry to report due to Covid and the affect it has had on China, the transmitters that you have ordered are being delayed. It is no secret the components needed to build the electronics comes from China. We are making every effort to get these units completed and to you so you can get on the air as soon as possible.

Thank you for your understanding.
