

WNYA(TV), Pittsfield, MA
10-Day Post & Final Quarterly Progress Report
July 2021

EXHIBIT

Digital Television Station WNYA, Pittsfield, Massachusetts, Facility ID No. 136751 (the “Station”), has successfully commenced operations from its post-repack Channel 7 pursuant to its repack construction permit, as extended and pursuant to its recent tolling waiver/request, and other filings with the Commission. *See, e.g.*, FCC File Nos. 0000078439, 0000110193 & 0000150938. The Station submitted its notice of program test operations as of July 14, 2021, and intends to file its license to cover application contemporaneously with this report. *See* FCC File No. 0000152879. Per discussions with FCC staff, this 10-day post-construction report also will serve as the station's final quarterly transition status report for the second quarter of 2021.
