

### **Online Public File Certification**

WAND(TV) Partnership (“WAND”), licensee of WAND(TV) (the “Station”), hereby certifies that except as described herein, the Station has timely placed in its online public file all the documents required to be placed in the file by 47 C.F. R. §73.3526 and otherwise has complied with the Commission’s public inspection file requirements in all material respects.

While WAND(TV) has substantially complied with the public file rules, two documents were uploaded outside of the due date. Specifically, during the recent license term, the 1<sup>st</sup> quarter 2014 children’s commercial limits certification was uploaded two weeks late and in the 2<sup>nd</sup> quarter of 2018, one of the three children’s commercial limits certifications was uploaded 8 days late. In addition, when reviewing its online public file records, WAND discovered that a copy of the 3<sup>rd</sup> Quarter 2014 Children’s Programming Report (FCC Form 398) was missing from the FCC’s records. The Station believes it filed the Report on time and has contemporaneous documentation from station personnel who believed the Report had been filed. Because, however, the Report does not show in the Station’s FCC online public file, Station personnel have uploaded a copy of the Report in the “Children’s Reports” section of the station’s online public file, under the folder entitled “Additional Documents.”

In each instance, as soon as the Station became aware of the inadvertent oversight, it immediately uploaded the material to its online public file. WAND has reviewed the circumstances relating to this instance of administrative oversight and, when late uploads occur, employees are required to review the situation and make any needed corrections to Station processes to ensure timely uploads going forward.

WAND(TV) requires its employees to comply with all FCC rules, including the rules for the political public file. Employees are trained on FCC political public file compliance and the Station’s political public files are reviewed for completeness and timeliness. Nevertheless, while the Station has substantially complied with the political public file requirements, a few documents were uploaded to the political public file outside of WAND’s requirement that all documents be uploaded within one business day. WAND will continue to work to ensure that all political public file materials are uploaded in a timely manner.
