

Multiple Ownership Compliance
KELE-FM, Mountain Grove, MO FAC# 12714

August 3, 2021

An engineering analysis was performed for Dockins Communications, Inc (“DCI”) to determine if the proposed CP Minor Modification of KELE-FM meets the requirements of the multiple ownership rules. DCI has attributable interest in the following two FM and one AM station in the affected market:

| Call Sign | City | State | Facility ID. |
|-----------|----------------|-------|--------------|
| KELE-FM | Mountain Grove | MO | 12714 |
| KOZX | Cabool | MO | 68596 |
| KELE(AM) | Mountain Grove | MO | 12699 |

The principal community contours of these three aforementioned stations were plotted on the contour map attached as Figure 1. The 70dB μ F(50,50) contour of proposed KELE-FM is shaded pink. KELE-FM and the other two commonly owned stations (KELE(AM) and KOZX) make up the “Radio Market”.

Since this is not an Arbitron Metro Market, the interim contour-overlap methodology has been used to determine compliance with Section 73.3555.

Count of AM Stations in “Radio Market”

The total number of AM radio stations in the “Radio Market” was determined by counting the licensed AM stations having 5 mV/m contours that intersect the principal community contours which define the “Radio Market”. Only those stations located within 92 kilometers of the perimeter of the mutual overlap area of the respective defined market area were employed in the count of the stations. Distances to the AM coverage contours were predicted using the antenna patterns as identified in the Commission’s AM database and the appropriate Ground Wave Field Strength versus Distance Graph of 47 CFR 73.184. The analysis identified two AM stations listed below. One station was non-commonly owned, and the one commonly owned station was shaded yellow.

| Call Sign | Service | Channel | Class | City | State | File Number |
|-----------|---------|---------|-------|----------------|-------|-----------------|
| KBTC | AM | 1250 | C | Houston | MO | BL-20180918ABM |
| KELE | AM | 1360 | C | Mountain Grove | MO | BML-20200203AAN |

Count of FM Stations in “Radio Market”

The number FM radio stations in the “Radio Market” was determined by counting the authorized FM stations having 70dB μ F(50,50) contours that intersect the principal community contours which define the “Radio Market”. Only those stations located within 92 kilometers of the perimeter of the mutual overlap area of the respective defined market area were employed in the count of the stations. Distances to the FM contours were determined based on the method of 47 CFR 73.313. The analysis identified 11 FM stations listed below. Nine stations were non-commonly owned. The two commonly owned stations are shaded yellow.

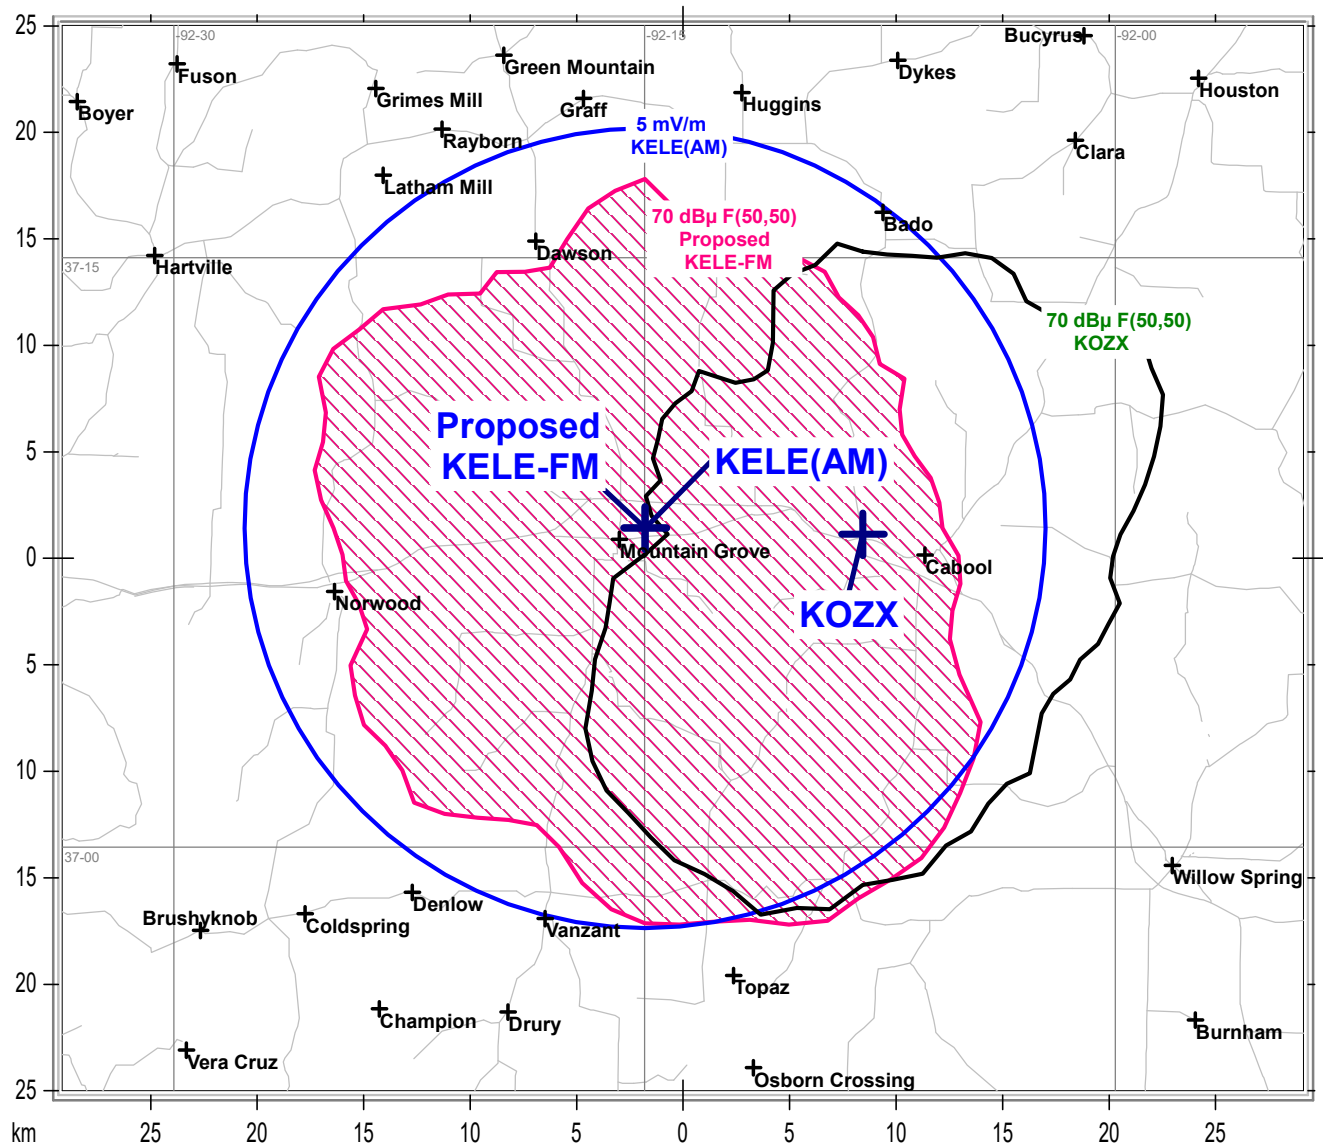

| Call Sign | Service | Channel | Class | City | State | File Number |
|----------------|-----------|------------|-----------|-----------------------|-----------|-------------------------|
| KOZX | FM | 215 | A | Cabool | MO | BLANK-143824 |
| KELE-FM | FM | 223 | A | Mountain Grove | MO | BLANK-143833 |
| KZGM | FM | 201 | C3 | Cabool | MO | BLED20090326ADT |
| KWFC | FM | 206 | C3 | Springfield | MO | BMLED20150318ABE |
| KCVY | FM | 210 | C3 | Cabool | MO | BLED20030826AHX |
| KSPQ | FM | 230 | C1 | West Plains | MO | BLH19890201KC |
| KCKH | FM | 240 | C3 | Mansfield | MO | BMLED20180710AAF |
| KUPH | FM | 245 | C2 | Mountain View | MO | BLH19900430KC |
| KUNQ | FM | 257 | C2 | Houston | MO | BLH19960829KC |
| KUKU-FM | FM | 262 | C2 | Willow Springs | MO | BLH19890511KA |
| KWTO-FM | FM | 267 | C | Springfield | MO | BLH20030124AEU |

This analysis identified a total of 10 non-commonly owned commercial and non-commercial full powered FM and AM stations in the “Radio Market” and three commonly owned stations.

In a radio market with 14 or fewer commercial and noncommercial educational full-power radio stations, DCI may have a cognizable interest in up to five commercial radio stations, not more than three of which are in the same service (AM or FM).

The results of this analysis indicate that the proposed Minor Modification of KELE-FM will meet the Multiple Ownership requirements of Section 73.3555(a) of the FCC Rules.
