

### **Notification of Reduced Power Operation**

ION Television License, LLC, licensee of television station KPXN-TV, San Bernardino, California, FCC Facility ID No: 58978, and ION Media License Company, LLC, licensee of television station KILM(TV), Inglewood, California, FCC Facility ID No: 63865 (the "Stations"), hereby notifies the Commission that the Stations are operating at reduced power due to unforeseen equipment failure. On August 2, 2021, the Stations went off the air to undergo maintenance of the main transmitter, line, and antenna to evaluate an operational problem. After maintenance and testing were conducted, it was determined that the main antenna had experienced physical and mechanical failure.

On August 5, 2021, the Stations began operating at reduced power from their authorized licensed facilities (156 KW) utilizing a temporary interim antenna. The Stations' personnel are presently working with antenna manufacturers to find an economical replacement for the main transmitting antenna. In the event circumstances require the reduced power operation to extend for thirty or more days, the Stations will apply for Special Temporary Authority.
