Notification of License Expiration

Dear Licensee:

The Commission has received information that indicates that the station referenced above has been silent for more than one year. Therefore, pursuant to section 312(g) of the Communications Act of 1934, as amended (Act),¹ the station's license has expired as a matter of law.²

This letter provides you 30 days to provide evidence³ that our information is incorrect and that, in fact, the station has either not been silent for more than one year or went silent but returned to the air with authorized facilities prior to its one-year silent anniversary. In addition, please provide the operational status of the station since April 13, 2017 – the conclusion of the Incentive Auction when the station was displaced. Has the station been operational during the entire period? If not, please provide the date(s) the station went silent and the date(s) it resumed operations. If you fail to provide such documented evidence within 30 days from the date of this letter or provide a showing that reinstatement is warranted pursuant to the equity and fairness provision of section 312(g),⁴ the Commission's public and internal databases

¹ See 47 U.S.C. §312(g); *Eagle Broad. Group, Ltd. v. FCC*, 563 F.3d 543 (D.C. Cir. 2009); *A-O Broad. Corp.*, Memorandum Opinion and Order, 23 FCC Rcd 603 (2008).

² Section 312(g) of the Act provides that if a broadcast station fails to transmit broadcast signals with its authorized facilities for any consecutive 12-month period, then the station license granted for the operation of that broadcast station expires at the end of that period, notwithstanding any provision, term, or condition of the license to the contrary, except that the Commission may extend or reinstate such station license to promote equity and fairness. 47 U.S.C. §312(g).

³ This evidence must indicate the location, effective radiated power and antenna height above ground level for **all periods of operation**. Also include copies of all leases, personnel records (including payroll records appropriately redacted to protect the privacy of individual employees), engineering records, and station records, including EAS logs, for all periods. In addition, you must provide copies of all invoices, bills, checks written or received, credit card charges, wire transfers or deposits of funds relating to the Station's operation. In addition, if the Station uses accounting software to maintain financial records, provide printouts of the data recorded for this period. You **must also include pictures** of the Station's studio facilities and transmission facilities during this timeframe, and provide exact Station coordinates.

⁴ See e.g. *A-O Broad. Corp.*, Memorandum Opinion and Order, 23 FCC Rcd 603, 617, para. 27 ("This limited, discretionary provision is phrased as an exception to the general rule that most affected licenses will be forfeited"). The Commission has exercised its authority to reinstate an expired license to "promote equity and fairness" only where the station failed to provide service for 12 consecutive months due to compelling reasons beyond the

WILL BE MODIFIED to indicate that the broadcast license for the referenced station is EXPIRED, that the station's license is CANCELED as a matter of law, and that the station's call sign is DELETED.

Finally, we note that it is imperative to the safety of air navigation that any prescribed painting and illumination of the station's tower be maintained until the tower is dismantled. Accordingly, the owner of the towers where the referenced station's transmitting antenna is located is required to maintain the tower in the manner prescribed by our rules and the terms of the cancelled licenses.⁵

Documents sent in response to this letter shall be addressed to FCC, Office of the Secretary, 45 L Street, NE, Washington, DC 20554, and emailed to Shaun Maher at the address below.
