

**W216BE**  
**MINOR MODIFICATION EXHIBIT**

WUNC Public Radio, LLC (“WUNC” or “the Applicant”) respectfully notes that the application form does not permit modification of the values reflected in the “horizontal” and “vertical” fields of the “Height of Radiation Center Above Average Terrain” for “Antenna Location Data.” The Applicant has therefore prepared this exhibit, at the request of FCC staff, to note that the correct values for those fields should be: “Horizontal: **43.0 meters**” and “Vertical: **43.0 meters.**”
