They now have to quarantine and cannot work. I have a scheduling meeting tomorrow and I'll update you on what the team comes up with. As of right now I'm gonna have to say that we're gonna need to delay your project. Thank you for your understanding and let me know if we can do anything else to help.

Just wondered how your crew guys' tests came out. I'm leaving tomorrow but if there is a delay I'll make some changes in where I go first.

Thanks,

John Collinson
