

**WUXP-TV Multicast Streams**

WUXP Licensee, LLC (“Licensee”), licensee of WUXP-TV, Nashville, Tennessee (Facility ID 9971; RF Channel 21), is currently operating in the ATSC 3.0 format and is filing this application to change the host for the ATSC 1.0 simulcast of its primary stream (affiliated with *MyNetwork*) from WZTV(TV), Nashville, Tennessee (Facility ID 418; RF Channel 20) to WKRN-TV, Nashville, Tennessee (Facility ID 73188, RF Channel 27).

To ensure that this change in ATSC 1.0 host stations and WUXP-TV’s continued ATSC 3.0 operations will not result in any loss of over-the-air programming to viewers, WUXP-TV proposes to continue to air its multicast stream affiliated with *GetTV* from the facilities of commonly owned WZTV and to air its multicast stream affiliated with *Comet TV* from the facilities of WSMV-TV, Nashville, Tennessee (Facility ID 41232; RF Channel 10) pursuant to a written hosting agreement with Meredith Corporation.

The PSIP virtual channels for each of WUXP-TV’s program streams described herein will remain unchanged. Accordingly, WUXP-TV’s streams will be hosted in ATSC 1.0 as follows:

<b>Network</b>	<b>RF Channel of 1.0 Host</b>	<b>PSIP Virtual Channel (No Change)</b>
MyNetwork (Primary)	27	30.1
GetTV	20	30.2
Comet TV	10	30.3
