FCC Form 2100/Schedule 303-S

LICENSE RENEWAL EXHIBIT

Public File

Station KOLR(TV) is committed to uploading political file material as soon as possible consistent with Commission guidance. After reviewing the political file material uploaded over the past two years in preparation for the filing of its license renewal application, the station has determined that a limited number of orders were not uploaded within one business day. Additionally, KOLR(TV) determined that some original orders were missing from the online public file such that certain files contained only revised orders. The original orders were promptly uploaded upon realizing the omission. Station management has implemented corrective measures, including training the staff responsible for uploading political material to the online file, to ensure that political material is now uploaded within one business day from a request for time.

EEO Public File

KOLR(TV) employs fewer than five full-time employees and is therefore not required by the Commission's rules to complete an EEO public file report.
