Online Public Inspection File Exhibit**

KURT(FM) Online Public Inspection File

H & H Broadcasting, LLC became the licensee of KURT(FM) on January 2, 2020. As such, it is responsible for the OPIF only for the period following that date. In preparation for this application it was discovered that:

Issues/Programs Lists: The licensee had several Issues/Programs lists that were filed late. Q3 2020 and Q4 2020. The licensee believes this was the result of a very small volunteer staff working outside the station due to COVID-19. The Q1 2021 report was filed on the first business day following the 4/10 due date on the belief that because the due date fell on a weekend, it would be acceptable to file on the next business day. The licensee now understands that the reports must be filed by the 10th of the first month following the quarter to which the report applied. Similarly, the Q2 2021 report was filed one day later than the first business day after the 10th. The licensee has adopted a tickler system for reminders to ensure that this issue does not recur.
