Low Power Digital Television Facility W31FE-D  
2 kW ERP DA / Channel 31  
Savannah, Georgia

Digital Networks-Southeast, LLC

September 2021

## **APPLICATION FOR LICENSE**

The following engineering statement has been prepared for **Digital Networks-Southeast, LLC** ("Southeast"), licensee of digital low power television station W23FE-D at Savannah, Georgia, and is in support of their application for license to cover the authorized modification to the facility.<sup>1</sup> This application is being filed to cover the construction permit assigned LMS File No. 0000148643.

Under the referenced construction permit, W31FE-D is authorized to operate on television channel 31 with a maximum effective radiated power of 2.0 kW at a center of radiation of 35.8 meters above mean sea level, 30 meters above ground, utilizing a composite directional antenna. The composite antenna consists of two Kathrein-Scala PR-TV antennas. One of these antennas is oriented at 900 degrees true, while the other is oriented at 275 degrees true. Equal power division is employed between both antennas. Southeast has completed construction of the facility utilizing the authorized parameters. The installed equipment achieves the authorized effective radiated power.

The construction permit, as issued by the Commission, lists one special condition or restriction. This condition advises Southeast that the authorization is a Low Power Television authorization, and as such, is secondary. Southeast is cognizant of the interference requirements imposed on it by the authorization, and will comply, as required.

---

<sup>1</sup> The Facility ID for W23FE-D is 129370. The callsign of this facility is changing to W31FE-D.

Southeast certifies that it will protect workers and other personnel from being exposed to levels of radiofrequency radiation in excess of the applicable safety standards, and will coordinate with all other users of the site. Coordination efforts will include, but are not necessarily limited to a reduction in transmitter power or cessation of operation.
