

Calvary Chapel of Honolulu, Inc. (“Calvary Chapel”) continues to maintain a paper public file for KLHT(AM) and KLHT-FM at its physical studio facility. It had been regularly uploading all required materials to the stations’ online public files on a timely basis. However, it recently discovered that this synchronizing did not happen for the issues/programs lists for 2019, 2020, and 2021. When informed about this oversight by its FCC attorney, Calvary Chapel immediately uploaded the missing issues/programs lists from our local public file to the FCC's online repository. It will continue to keep the file synchronized.
