

## **Purpose Statement**

The Commission recently approved WKOB-LD as a channel share station (File No. 0000153444). WKOB-LD was previously issued a displacement construction permit to change frequencies from channel 2 to channel 13 on a new tower site (File No. 0000129472, as modified 0000117701) (the "Construction Permit").<sup>1</sup> However, the Construction Permit was issued prior to the Commission's approval of WKOB-LD as a channel share facility. Accordingly, the purpose of this minor modification application is to request reissuance of the Construction Permit as a channel share construction permit between WKOB-LD and WASA-LD (Facility ID No. 167320).<sup>2</sup> No other changes are proposed.

---

<sup>1</sup> Due to restrictions on LMS, the LPD channel listed in the application reflects channel 2. We request the Commission to update the LPD channel to channel 13.

<sup>2</sup> A copy of the channel share agreement is on file with the Commission.
