WJOS-LD  
FI 72479  
Pomeroy, OH  
Silent 7/13/2020

Applicant is seeking a 312(g) waiver<sup>1</sup> for additional time to remain silent in preparation for the construction of the displacement CP related to the 2018 TV Spectrum Repack and Reimbursement Program<sup>2</sup>.

The Applicant is the Executrix of the Estate and was unaware or uninformed about the requirement for Ch 45 to go silent. By admission, the Applicant had been periodically turning the station on and providing several hours a week of programming. During this time, the Applicant received no notifications of causing any interference or other documents to cease operation. The previous contact has apparently retired and did not forward any further information to Mrs. Barnhart.

The Applicant has filed a response to the FCC concerning this oversight and respectfully requests extension pursuant to 312(g) to promote equity and fairness.

The Applicant has a plan to build the station to a smaller version, while administering all the other business required as the Executrix of the Estate.

Respectfully submitted,  
Susan Hansen  
Consultant  
B. W. St. Clair

RE: WJOS-LD Pomeroy, OH  
Facility ID No. 72479

September 17, 2021

Notice of License Expiration

Dear Ms. Kreisman,

I am writing in response to a letter that was just received regarding a licensed station in Pomeroy, OH. My late husband, Pete Barnhart, was the station owner and operator of this station. Unfortunately, Pete passed away and I have been doing my very best to meet the various requirements for this station for the past year or more.

Attached, you will find evidence of the station being operated over the course of the past year. It was operated at its licensed location which is on a tower that exists on our personal property which was recently sold at GPS coordinates 39 2 9.2 N 82 1 25.5 W. I have not yet built the station on channel 31. In the interest of trying to maintain, I have operated the station on its prior frequency on channel 45 temporarily each month on the following days and times.

- Early in October 2020, I started turning the AC off for the evening and overnight. Cool evenings left transmitter running full time until about the 3rd week of October.
- 1<sup>st</sup> week of November 2020, I started just running it a few hours a day because the signal was so weak that the cable company couldn't pick it up.
- After that I ran it just 2 or 3 times a week from late November 2020 through May 2021.
- In June of 2021, I turned it on, and it would not power up.
- Late August I began to move equip out into the transmitter building that was in the house.

This was done with the existing antenna mounted at 27 meters above ground level. Each time I have run the station, I have noted it in a ledger in the building. You will find that the electric bills reflect there has been usage. The only thing in the building drawing power is this equipment.

The silent authority that was filed was done so by Benjamin Perez who was trying to help me out when Pete passed away. He was the one who helped to file the displacement. He moved away and I have not been in contact since that time. I was actually unaware that this was filed silent. When the license renewal came due, I contracted Byron St. Claire's office to help me file the renewal. Susan Hansen asked me at that time if it was operating which I indicated yes because I had been running it as previously mentioned. It was airing WALK TV programming content pulled from satellite.

I humbly request that you take the supporting documentation of the electric bills and the above testimony into account and allow me to continue forward with my efforts to build the channel 31 construction permit. I very much wish to continue serving the community of Pomeroy with the free over the air signal that Pete spent his life being dedicated to.

I declare under penalty of perjury the above statement and attachments are true and correct.

Sincerely,

A handwritten signature in blue ink that reads "Brenda Barnhart". The signature is written in a cursive style with a large, stylized "B" at the beginning.

Brenda Barnhart
