

### Contingent Divestiture Pledge

The proposed NCE full-service station has overlapping contours with non-fill in FM translator W220EB, Ashland, Wisconsin (FID 49771). If awarded the construction permit for the proposed facility, the applicant, University of Northwestern-St. Paul, pledges to divest W220EB upon commencement of operation of the proposed NCE full-service station (i.e., upon its filing of the license application and receipt of program test authority). In accordance with FCC guidance, W220EB is not counted for purposes of the diversity of ownership certification.
