

WUMN-LD EEO Public File Reports

As a low power television station, WUMN-LD is not required to maintain a public file and therefore is not required to prepare and maintain EEO Public File Reports. *See, e.g., Broadcast and Cable Equal Employment Opportunity Rules and Policies (Reconsideration)*, 15 FCC Rcd. 22548 at ¶ 47 (“LPTV stations are not subject to the requirement that certain EEO information be placed in the public file annually because LPTV stations are not required to maintain a public file”).
