Western North Carolina Public Radio Inc.  
Attention: Jason Reed  
Director of Technology & Operations  
73 Broadway Street  
Asheville, NC 28801

Dear Mr. Reed:

As Jackson County Manager, I understand that Western North Carolina Public Radio is applying to the FCC for authority to construct a new FM broadcast station to serve Sylva, NC and surrounding areas.

As communicated, I understand Western North Carolina Public Radio's desire to add this new frequency to their existing site at Kings Mountain where their existing tower and building reside on Jackson County land. If granted by the FCC we agree to enter into negotiations with Western North Carolina Public Radio to establish a lease for the additional frequency and associated antenna(s) and equipment. This site is described as:

Tower Street Description/Location: 281 Radio Dr, Sylva 28779

Tower Coordinates: 35.366211, -83.221261

You may use this letter as assurance to the FCC of the reasonable availability of the space for use as a transmitter site for the FM station.

This letter and any further obligations we have to each other are subject to the negotiation of a formal agreement of land use with approval after you are issued a construction permit by the FCC and upon full compliance with Jackson County ordinances.

Sincerely

Don Adams  
Jackson County Manager
