

### Tribal Priority

Applicant claims a preference based on the tribal priority subject to grant of the request for a waiver of the tribal coverage requirement supplied in the Request for Waiver uploaded to this application in the waiver section, which is incorporated into this section of the application by reference.

The applicant is a consortium of tribes that propose to provide tribal coverage if the coverage minimums in the rule are waived. The applicant's proposed community of license is located adjacent to tribal land and on land historically claimed by the tribes in the area. The facility will be the first local tribal-owned noncommercial transmission service at the proposed community of license.
