

KRHT-LD

Licensee and 100 per cent owner Gary Hanson died intestate on September 29, 2021. He acquired the station KRHT-LD on February 10, 2016. His Spouse, Niculina Hanson, legally had an undivided half interest in the property, based on their having been married since January 31, 2005, under California's community property laws. When Gary died, the other undivided half interest, held by him, vested automatically in Niculina by operation of law, California Probate Code. Section 6401(a).

Because the disposition of the couple's home and their personal property acquired after January 31, 2005, are governed by the State community property laws, it is believed that no probate of the estate will be necessary.

As an active member of the State Bar of California, I certify to the foregoing representations of legal effect governing the death of Gary Hanson, under California law.

Michael Couzens
California State Bar No. 69591
