

**Online Public Inspection File Exhibit
New Hampshire Public Radio, Inc.
WCNH(FM), Concord, NH; Facility ID No. 62166**

New Hampshire Public Radio, Inc. (NHPR), acquired WCNH(FM) (formerly WSPS(FM)) on March 35, 2021 (See FCC Assignment Application LMS File No. 0000129606, granted Feb. 1, 2021; Notification of Consummation LMS File No. 0000143351, filed Apr. 12, 2021).

Since the acquisition, NHPR had been unable to access the online public inspection file (OPIF) for WCNH(FM) because NHPR's FCC Registration Number (FRN) had not been properly associated with WCNH(FM) in the FCC's OPIF filing system.

This issue has now been corrected. However, as a result of the situation described above, certain documents required by 47 C.F.R. Section 73.3527 were not uploaded to the station's online public file when required. As of this filing the station's online public file is now complete.
