

KMSP-TV, WFTC and KFTC Public File Exhibit

KMSP-TV, WFTC and KFTC's ("Stations") uploaded the Annual EEO Report ("Report") to the respective online public inspection files on December 1, 2014. However, two days later, the Stations discovered that the links for the Report were not properly populating, and promptly re-uploaded the Report. Although the Stations timely uploaded the Report, we note the date discrepancy out of an abundance of caution.
