Although Television Station KAAL, Austin, Minnesota, Facility ID No. 18285 (the "Station"), regularly placed its quarterly Television Issues and Program Lists in its online public file in a timely and complete fashion, a single report (covering the first quarter of 2015) was uploaded approximately three months past the relevant deadline. Upon realizing its oversight, the Station promptly addressed this one-time delay.

In addition, while the Station uploaded information regarding political advertising to the Station's online public inspection file, some materials were not uploaded timely. Promptly upon discovery, the licensee took corrective action to put in place additional procedures to ensure that all political advertising information is timely uploaded.
