

STATEMENT AS TO REBROADCASTING SERVICE

Station W299AM previously rebroadcast the signal of Station WRJT(FM), Royalton, Vermont, which was licensed to the same licensee, Lisbon Communications, Inc. Following the assignment of the WRJT license to a third party, Station W299AM continued the rebroadcast of the same station, with the new call sign of WZKC. It terminated that rebroadcast when the Station was taken silent following problems with the operation of its broadcast transmission equipment.

The Station remains silent as the licensee repairs its equipment and the licensee determines what broadcast signal to rebroadcast once operations resume.
