

WADS(AM) Online Public Inspection File

During the last license renewal period, Radio Amor, Inc. (“Licensee”), the licensee of WADS(AM), Ansonia, Connecticut (Facility ID No. 54481) (“WADS(AM)” or the “Station”), has failed to comply with certain Online Public Inspection File (“OPIF”) requirements with respect to WADS(AM).

Licensee has been struggling financially and losing staff and personnel. This only worsened significantly with the onset of the COVID-19 pandemic. Then this year the staff and Board abruptly resigned, which has left the current President, Mr. Richard Dejesus, responsible for remedying issues with the OPIF and managing the license renewal process for the Station. Licensee is diligently working toward electing a new Board so that it can put in place procedures to ensure that future OPIF materials are timely uploaded and all required filings are timely submitted going forward. Licensee has not been able to hold a new meeting to elect a new Board due to the COVID-19 pandemic, but will do so as soon as it is able. Licensee understands that a transfer of control application must be filed with the Commission. In addition, Radio Amor, Inc. emphasizes that it takes its responsibilities as an FCC licensee extremely seriously, regrets its lapses in compliance during the license period, and is dedicated to ensuring the Station is in full compliance with FCC rules.

Biennial Ownership Reports. Licensee inadvertently failed to file its 2019 Biennial Ownership Report, but has timely filed its 2021 Biennial Ownership Report (*see* FCC File No. 0000175534). Licensee will file an emergency transfer of control application shortly as a result of its Board’s abrupt resignation.

Issues/Programs Lists. Licensee inadvertently failed to upload immediately to WADS(AM)’s OPIF its Issues/Programs Lists during the license period. Licensee has been recreating and uploading the lists to the OPIF, but has not yet been able to complete all of the lists. Licensee will continue to recreate and upload the lists until they are complete, and will amend this License Renewal Application when it has completed the lists.
