

Purpose of Amendment

Applicant, Delmarva Educational Association, licensee of WKOX(AM), Everett, Massachusetts (Facility ID No. 53964) (“WKOX”), hereby amends the instant license renewal application, LMS File No. 0000175993, to attach a revised version of the Online Public Inspection File (“OPIF”) exhibit. Applicant’s legal counsel inadvertently attached an earlier, incorrect version of the exhibit, which noted that all requisite items had been uploaded to WKOX’s OPIF. This amended version notes that there are several items outstanding from WKOX’s OPIF as of the time the instant renewal application was originally filed, which Applicant is endeavoring to upload as soon as possible. Applicant shall file a further amendment to the instant license renewal application when all missing items have been uploaded to WKOX’s OPIF.
