
INTEROFFICE MEMORANDUM

TO: CITY OF SEWARD ADMINISTRATION STAFF
FROM: GEORGE M. O'DELL – IT TECHNICIAN
SUBJECT: DISPOSAL OF K07PG / K03FO AND ASSOCIATED EQUIPMENT
DATE: 07/30/2021

As there are no longer any staff members in the city's employ with knowledge on how to operate or maintain the licenses for K07PG / K03FO and the associated equipment, these assets have since become a burden to the city and in their current state are incapable of providing a benefit to the public.

Please also note that the city went through a competitive bid process late last year (2020) to dispose of these assets and that the process resulted in no bids being received.

Since then, there has been an immense amount of interest in these assets from a local non-profit Kenai Mountains Public Media inc.

It is my understanding that Kenai Mountains Public Media inc. intends to operate and maintain these assets for the benefit of our community and the surrounding area.

So, it is my recommendation that these assets be donated to Kenai Mountains Public Media inc. as soon as reasonably possible.
