

### **Compliance with Broadcast Ownership Rules**

Section 73.3555(a)(1)(i) of the Commission's rules limits the number of stations in which a person or entity may have a cognizable interest in a particular market. The rule further caps how many same service stations (i.e., AM or FM) a person or entity may hold in that market. The market caps and same service sub-caps set forth in Section 73.3555(a)(1)(i) are as follows:

<u>Market Size</u>	<u>Cap</u>	<u>Same Service Sub-Cap</u>
45 or more full-power stations	8	5
30 to 44 full-power stations	7	4
15 to 29 full-power stations	6	4
14 or fewer full-power stations	5	3

Below is a market-by-market analysis of the broadcast interests that will be held by Beasley Media Group Licenses, LLC following the proposed transfer of control. These same interests are currently held by Beasley. The transfer of control will have no impact on the number of stations owned by Beasley or their market designations.

Beasley owns a grandfathered cluster in the Augusta, Georgia market. As described below, Beasley requests that Note 4 to Section 73.3555 be applied to permit Beasley to continue to own the grandfathered cluster.

#### **Atlanta, Georgia**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 83 commercial and noncommercial radio stations in the Atlanta, Georgia Nielsen Audio Market. Therefore, common ownership of eight radio stations, no more than five in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in two commercial AM radio stations, which is permitted under the local radio ownership rule.

#### **Augusta, Georgia**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 34 commercial and noncommercial radio stations in the Augusta, Georgia Nielsen Audio Market. Under Section 73.3555(a) of the rules, an entity can own seven stations in the market, no more than four of which can be in the same service. Through grandfathering, Beasley owns one AM station and six FM stations in the market.

In general, when control of a licensee is transferred pursuant to a long-form application, a licensee is required to divest stations that are not in compliance with the multiple ownership rules. However, Note 4 to Rule 73.3555 provides in pertinent part that the ownership limits in Section 73.3555(a) "will not apply to ... applications for assignment of license or transfer of

control to heirs or legatees by will or intestacy” as long as “no new or increased concentration of ownership would be created among commonly owned, operated or controlled broadcast stations.”

The ownership changes resulting from the proposed transfer of control are transfers to heirs in accordance with the estate plan of George G. Beasley. There will be no change in the stations owned by the licensee. None of the individuals to whom voting stock in the publicly traded parent company (Beasley Broadcast Group, Inc.) will be transferred has an interest in any other stations. Therefore, the licensee requests that the exception in Note 4 be applied to the Augusta stations.

### **Boston, Massachusetts**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 101 commercial and noncommercial radio stations in the Boston, Massachusetts Nielsen Audio Market. Therefore, common ownership of eight radio stations, no more than five in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in six commercial radio stations (one AM station, five FM stations), which is permitted under the local radio ownership rule.

### **Charlotte-Gastonia-Rock Hill, North Carolina**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 65 commercial and noncommercial radio stations in the Charlotte-Gastonia-Rock Hill, North Carolina Nielsen Audio Market. Therefore, common ownership of eight radio stations, no more than five in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in six stations (one AM station, five FM stations) which is permitted under the local radio ownership rule.

### **Detroit, Michigan**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 72 commercial and noncommercial radio stations in the Detroit, Michigan Nielsen Audio Market. Therefore, common ownership of eight radio stations, no more than five in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in four commercial FM radio stations, which is permitted under the local radio ownership rule.

### **Fayetteville, North Carolina**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 25 commercial and noncommercial radio stations in the Fayetteville, North Carolina Nielsen Audio Market. Therefore, common ownership of six radio stations, no more than four in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in five commercial radio stations (one AM station, four FM stations), which is permitted under the local radio ownership rule.

### **Ft. Myers-Naples, Florida**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 35 commercial and noncommercial radio stations in the Ft. Myers-Naples, Florida Nielsen Audio Market. Therefore, common ownership of seven radio stations, no more than four in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in five commercial radio stations (one AM station, four FM stations), which is permitted under the local radio ownership rule.

### **Las Vegas, Nevada**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 54 commercial and noncommercial radio stations in the Las Vegas, Nevada Nielsen Audio Market. Therefore, common ownership of eight radio stations, no more than five in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in five commercial radio stations (one AM station, four FM stations), which is permitted under the local radio ownership rule.

### **Middlesex-Somerset-Union, New Jersey**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are seven commercial and noncommercial radio stations in the Middlesex-Somerset-Union, New Jersey Nielsen Audio Market. Therefore, common ownership of five radio stations, no more than three in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in two commercial radio stations (one AM station, one FM station), which is permitted under the local radio ownership rule.

### **Monmouth-Ocean, New Jersey**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 26 commercial and noncommercial radio stations in the Monmouth-Ocean, New Jersey Nielsen Audio Market. Therefore, common ownership of six radio stations, no more than four in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in two commercial radio stations (two FM stations), which is permitted under the local radio ownership rule.

### **Morristown, New Jersey<sup>1</sup>**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are seven commercial and noncommercial radio stations in the Morristown, New Jersey Nielsen Audio Market. Therefore, common ownership of five radio stations, no more than three in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in two commercial radio stations (one AM station, one FM station), which is permitted under the local radio ownership rule.

### **Philadelphia, Pennsylvania**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 70 commercial and noncommercial radio stations in the Philadelphia, Pennsylvania Nielsen Audio Market. Therefore, common ownership of eight radio stations, no more than five in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in eight commercial radio stations (three AM stations, five FM stations), which is permitted under the local radio ownership rule.

### **Tampa-St. Petersburg, Florida**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 48 commercial and noncommercial radio stations in the Tampa-St. Petersburg, Florida Nielsen Audio Market. Therefore, common ownership of eight radio stations, no more than five in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in six commercial radio stations (one AM station, five FM stations), which is permitted under the local radio ownership rule.

### **West Palm Beach-Boca Raton, Florida**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 30 commercial and noncommercial radio stations in the West Palm Beach-Boca Raton, Florida Nielsen Audio Market. Therefore, common ownership of seven radio stations, no more than four in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in one commercial radio stations (one AM station), which is permitted under the local radio ownership rule.

---

<sup>1</sup> The Morristown and Middlesex-Somerset-Union, New Jersey markets are embedded within the New York, New York market. There are 144 commercial and noncommercial radio stations in the New York City market. Common ownership of eight radio stations, no more than five in the same service, is permitted in the New York City market. Following consummation of the transfer of control, through its attributable interests in stations in these two embedded New Jersey markets, Beasley will have an attributable interest in four commercial radio stations (two AM stations and two FM stations) in the New York City market, which is permitted under the local radio ownership rule. The current Nielsen Radio Market Survey does not include the Monmouth-Ocean, New Jersey market as an embedded New York City market; however, Nielsen states that Monmouth County, New Jersey is included in both the Monmouth-Ocean and the New York Metro definitions. *Nielsen Radio Market Survey, Population, Rankings, and Information*, [https://www.nielsen.com/wp-content/uploads/sites/3/2021/05/bluebook\\_sp21.pdf](https://www.nielsen.com/wp-content/uploads/sites/3/2021/05/bluebook_sp21.pdf) at 14. Even if Beasley's stations in the Monmouth-Ocean market were also attributed to the New York City market, Beasley would have an attributable interest in six commercial radio stations (two AM stations and four FM stations) in the New York City market, which is permitted under the local radio ownership rule.

### **Wilmington, Delaware**

As shown on the attached BIA Kelsey Media Access Pro FCC Geographic Market Definition Report, there are 20 commercial and noncommercial radio stations in the Wilmington, Delaware Nielsen Audio Market. Therefore, common ownership of six radio stations, no more than four in the same service, is permitted. Following consummation of the transfer of control, Beasley will have an attributable interest in one commercial radio station (one FM station), which is permitted under the local radio ownership rule.
