

Competitive Bidding Procedures Exhibit

The construction permit for the station subject to this assignment application was obtained by a third party in Auction #62, in 2006. However, pursuant to Section 73.5009 of the Commission's rules, because the proposed current assignment of the license is occurring more than three years after Auction #62, neither the unjust enrichment provisions of Section 1.2111(b) through (e), nor the ownership disclosure requirements of Section 1.2111(a), apply to this application.
