December 27, 2021

Dear Frank,

The letters announcing the intention of WJSJ-CD to begin broadcasting from their new facilities, were mailed on December 17, 2021 to 35 medical facilities within WJSJ-CD's predicted coverage area.

Enclosed is a copy of the Medical Notification Letter, a list of the addresses, and proof of mailing stamped by the US Post Office in Orlando, Florida.

RF Notifications will store the undeliverable letters returned by the USPS for 6 months. If at any point they are required please let us know and we will send them to you ASAP. Please note that the average return rate is generally eight to ten percent and letters are typically returned due to: the facility relocating and forwarding has expired, the name was changed, the facility refused to accept the letter, or the operation merged with, or was acquired by another company.

The returned letters along with the total list of facilities notified and the proof of mailing will be evidence of your sincere attempt and good faith effort to identify and notify health care operations in your coverage area. Please place these documents in your Public File.

In closing, it has been a pleasure to serve you and your station, and I look forward to helping you with any other notification needs as they arise in the future.

Sincerely,

Lisa Sockett
COO – RF Notifications

NOTICE OF A NEW BROADCAST PATTERN AND LOCATION FOR WJSJ-CD

THIS LETTER CONCERNS TELEMETRY OPERATION. THE RESPONSIBLE PARTY FOR OVERSEEING AND/OR MAINTAINING CLINICAL OR BIOMEDICAL ENGINEERING EQUIPMENT AT THIS FACILITY MUST RECEIVE THIS LETTER.

Dear Administrator or Biomedical Engineer,

WJSJ-CD has retained RF Notifications, a broadcast TV consultant, to notify you of changes to the Station's digital television channel in your area.

We are notifying you of this new transmitter location and new coverage pattern because patients at your facility may use biomedical telemetry devices that operate in the television broadcast band and may be affected when this change takes place.

On December 20, 2021, WJSJ-CD will commence broadcasting from its new location on UHF channel 28.

Certain biomedical telemetry devices have been allowed to use unoccupied TV channels in their area on a **secondary basis**, according to the rules of the Federal Communications Commission (codified at 47 CFR 15.242 (a)(1)). If interference to or from these devices arises with regard to the TV broadcast service, the devices must cease operation on that channel. It is the responsibility of the medical facility or operator of the device to identify and retune its equipment to an alternative non-interfering channel.

The contact information for the broadcast executive in charge of the TV station, along with the commencement date, TV channel and frequency band for each station are listed on the attached page(s). Please contact the individual listed on the attached page who is associated with the specific channel, if you wish for more information or want to report anticipated or actual interference problems.

Kind Regards,

Lisa Sockett, COO - RF Notifications
