

STATEMENT AS TO PUBLIC INSPECTION FILE RULE COMPLIANCE

The applicant wishes to advise the Commission that it has, in preparing its renewal application, determined that one of its Issues/Programs reports, during the renewal period, was filed beyond the required 10th day of the succeeding calendar quarter.

The applicant has determined that one Issues/Programs report, for Q4 of 2018, was not timely uploaded, having been uploaded 18 days after the date for that uploading.

The licensee has reviewed publicly available information from Q4 of 2018 and determined that the delay was not caused by the licensee, but by the fact that there was a government shutdown at that time. Consequently, the late filed Issues/Programs report should not be attributed to a compliance failure on the licensee's part.
