**Notice Regarding FRN of Licensee Post-Consummation**

WLS Television, Inc. (“WLS Television”), licensee of commercial television station WLS-TV, Chicago, Illinois, Facility ID No. 73226 (“WLS”), is submitting the instant notice to correct an inadvertent error in the FCC’s records with respect to the FRN for WLS following consummation of the *pro forma* transfer of control approved by the Commission in LMS File No. 0000146573 (“*Pro Forma* Transfer of Control”).

On September 30, 2021, WLS Television notified the Commission of the consummation of the *Pro Forma* Transfer of Control. See LMS File No. 0000161922 (“Consummation Notice”). The Consummation Notice inadvertently listed the FRN of Licensee Post-Consummation as 0030871438, which is the FRN associated with ABC TV Holding, LLC, the transferee approved in the *Pro Forma* Transfer of Control. This submission is to clarify and correct that the FRN of Licensee Post-Consummation for WLS should have been listed as 0003471315. WLS Television respectfully requests that the Commission update its records to reflect that the FRN for WLS is 0003471315.
