Online Public Inspection File

Smoky Hills Public Television Corp., licensee of noncommercial educational television station KDCK, Dodge City, Kansas, reports the following with regard to the timely placement of an item into the station's online public inspection file. The KDCK online public inspection file is complete with all required items, but one (1) quarterly issues and programs list (for third quarter 2020) was uploaded six (6) days late to the file during the current license term due to an administrative oversight. The station regrets the brief delay in the appearance of this item in its online public inspection file, but submits that the station's online public file is now complete and has been substantively compliant throughout the license term.
