**Explanatory Exhibit**

Son Broadcasting, Inc. (Son), Licensee of K29ME-D, hereby requests Special Temporary Authority for the station to remain silent pending repair. In late December 2021, Son discovered that this translator was down, likely due to an extended power outage in the area that lasted several days. The translator site is currently extremely difficult to reach due to snow conditions. Repairs will be made when the site can be safely reached and the exact nature of the problem assessed.
