

WWHB-CD Hosting Arrangements

WTVX Licensee, LLC (“Licensee”), licensee of WWHB-CD, Stuart, FL (Facility ID 63557; RF Channel 33), is filing this application to (1) commence ATSC 3.0 operations from WWHB-CD’s current facility and (2) identify host station facilities that will be used to air WWHB-CD’s programming in ATSC 1.0 format.

As indicated in the Form 2100 application, Licensee proposes to simulcast WWHB-CD’s primary stream (affiliated with *Azteca*) in ATSC 1.0 format on commonly owned WTVX(TV), Fort Pierce, FL (Facility ID 35575; RF Channel 20).

Additionally, to minimize any loss of over-the-air programming available to ATSC 1.0 viewers that might otherwise result from WWHB-CD’s transition to the ATSC 3.0 standard, Licensee also proposes to air WWHB-CD’s multicast stream currently affiliated with *Charge!* on WPTV-TV, West Palm Beach, FL (Facility ID 59443; RF Channel 12), pursuant to a written hosting agreement with Scripps Broadcasting Holdings LLC; the multicast stream currently affiliated with *Stadium* on WFLX(TV), West Palm Beach, FL (Facility ID 59443; RF Channel 35) pursuant to a written hosting agreement with Gray Television Licensee, LLC; and the multicast stream affiliated with *Rewind* on WPBF(TV), Tequesta, FL (Facility ID 51988; RF Channel 16) pursuant to a written hosting agreement with Hearst Properties, Inc.

The PSIP virtual channels for each of WWHB-CD’s program streams described herein will remain unchanged. Accordingly, Licensee proposes to air WWHB-CD’s streams in ATSC 1.0 on temporary host facilities as follows:

Network	RF Channel of 1.0 Host	PSIP Virtual Channel (No Change)
Azteca (Primary)	20	48.1
Charge!	12	48.2
Stadium	35	48.3
Rewind	16	48.4
