

WCWN(TV) Hosting Arrangements

WCWN Licensee, LLC (“Applicant”), licensee of WCWN(TV), Schenectady, NY (Facility ID 73264; RF Channel 22), is filing this application to (1) commence ATSC 3.0 operations from WCWN(TV)’s current facility and (2) identify host station facilities that will be used to air WCWN(TV)’s programming in ATSC 1.0 format.

As indicated in the Form 2100 application, Applicant proposes to simulcast WCWN(TV)’s primary stream (affiliated with *The CW Network*) in ATSC 1.0 format on WTEN, Albany, NY (Facility ID 74422; RF Channel 24), pursuant to a written hosting agreement with Nexstar Media Inc.

Additionally, to minimize any loss of over-the-air programming available to ATSC 1.0 viewers that might otherwise result from WCWN(TV)’s transition to the ATSC 3.0 standard, Applicant also proposes to air WCWN(TV)’s multicast streams (currently affiliated with the *Charge!* and *Stadium* networks) on commonly owned WRGB(TV), Schenectady, NY (Facility ID 73942; RF Channel 35).

The PSIP virtual channels for each of WCWN(TV)’s program streams described herein will remain unchanged. Accordingly, Applicant proposes to air WCWN(TV)’s streams in ATSC 1.0 on temporary host facilities as follows:

Network	RF Channel of 1.0 Host	PSIP Virtual Channel (No Change)
CW (Primary)	24	45.1
Charge!	35	45.2
Stadium	35	45.4
