

WNTV(TV) – Request for Extension of Special Temporary Authority

South Carolina Educational Television Commission (“SCETV”), licensee of noncommercial educational TV station WNTV(TV), Greenville, South Carolina (“WNTV”), hereby respectfully requests an extension of special temporary authority to operate from temporary facilities on its post-auction channel until September 6, 2022. As set forth in the attached narrative exhibit filed with WNTV’s tolling request on March 3, 2022, WNTV has been unable to complete construction of its permanent facilities due to rare and exceptional circumstances beyond its control and thus continued STA is necessary. SCETV expects to complete construction of WNTV’s permanent repack facilities by the end of June 2022 and requests this extension until September 6, 2022 out of an abundance of caution to provide a buffer for any unexpected delays.
