

**WMYA-TV Hosting Arrangements**

Anderson (WFBC-TV) Licensee, Inc. (“Licensee”), WMYA-TV, Anderson, SC (Facility ID 56548; RF Channel 35), is filing this application to (1) commence ATSC 3.0 operations from WMYA-TV’s current facility and (2) identify host station facilities that will be used to air WMYA-TV’s programming in ATSC 1.0 format.

As indicated in the Form 2100 application, Licensee proposes to simulcast WMYA-TV’s primary stream (affiliated with *DABL*) in ATSC 1.0 format on WYFF(TV) (FacilityID 53905; RF Channel 30), pursuant to a written hosting agreement with WYFF Hearst Television Inc. Licensee will also air WMYA-TV’s multicast stream currently affiliated with *Comet* in ATSC 1.0 format on WYFF(TV).

Additionally, to minimize any loss of over-the-air programming available to ATSC 1.0 viewers that might otherwise result from WMYA-TV’s transition to the ATSC 3.0 standard, Licensee also proposes to air WMYA-TV’s multicast stream currently affiliated with *TBD* in ATSC 1.0 format on WSPA-TV, Spartanburg, SC (Facility ID 66391; RF Channel 11) pursuant to a written hosting agreement with Nexstar Media Inc. and WMYA-TV’s multicast stream currently affiliated with *Charge!* in ATSC 1.0 format on WHNS(TV), Greenville, SC (Facility ID 72300; RF Channel 17) pursuant to a written hosting agreement with Gray Television Licensee, LLC.

The PSIP virtual channels for each of WMYA-TV’s program streams described herein will remain unchanged. Accordingly, Applicant proposes to air WMYA-TV’s streams in ATSC 1.0 on temporary host facilities as follows:

<b>Network</b>	<b>RF Channel of 1.0 Host</b>	<b>PSIP Virtual Channel (No Change)</b>
DABL (Primary)	30	40.1
TBD	11	40.2
Comet	30	40.3
Charge!	17	40.4
