Dear Licensee:

Commission records indicate that we did not receive a renewal application for the above-referenced stations by the due date of February 1, 2022 (Form 2100, Schedule 303-S).<sup>1</sup> As licensee, based on your failure to file you are now subject to appropriate sanctions, including monetary forfeiture and/or cancellation of the stations' licenses. If we do not receive your applications by 11:59 p.m. (local time) on June 1, 2022, the date the licenses expire, we will cancel the above-referenced stations' license authorizations and you will be required to permanently cease operation of the stations.

Finally, should the licenses be cancelled we note that it is imperative to the safety of air navigation that any prescribed painting and illumination of the stations' towers be maintained until the towers are dismantled. Accordingly, the owners of the towers where the referenced stations' transmitting antenna are located are required to maintain the tower in the manner prescribed by our rules and the terms of the cancelled licenses.<sup>2</sup> If you have any questions, please contact Andrew Manley at (202) 418-0596 or [andrew.manley@fcc.gov](mailto:andrew.manley@fcc.gov).

Sincerely,

/s/

Barbara A. Kreisman  
Chief, Video Division
