

**FCC Form 303-S**  
**Children's Programming Reports Certification**

On the station's main digital stream on 48 occasions between June of 2016 and March of 2017, the Univision Network aired a 40-second educational capsule from Mundo Lanugo, highlighting Hispanic heritage and language, immediately following the closing credits of the program *Pocoyo*. This capsule included a three second display of a URL for the Mundo Lanugo web site, <https://mundolanugo.com>. While that site contained a substantial amount of bona fide non-commercial content, the landing page contained a link to the Mundo Lanugo app, which could be purchased from the site. Upon its discovery of this issue, Univision separated the capsule from the closing credits of the program with a bumper and deleted the URL.

On April 7, 2016, the station KUVN-CD timely filed the E/I Children's Report for the April 11, 2016, deadline. However, rather than selecting the appropriate quarter from the FCC'S LMS drop-down the station erroneously filed the 1<sup>st</sup> quarter report as the 2<sup>nd</sup> quarter. On April 12, 2016, the station resubmitted the report by selecting the correct quarter.
