

Section 73.215 Compliance

The KDIS-FM transmitter site proposed herein is fully-spaced to all current allocations, licensed broadcast facilities, outstanding construction permits, and pending applications, with the exception of a 5.9 kilometer short-spacing to first-adjacent channel, Class A Station KPBA(FM), Pine Bluff, AR. The applicant requests processing under Section 73.215 of the Rules with respect to KPBA(FM).

Radio station KPBA(FM) operates pursuant to a "Section 73.215 Authorization" (FCC File No. BLH-20150423AAM). In accordance with Section 73.215(b)(2)(iii), Exhibit 1 shows the predicted protected and interfering contours from the "Section 73.215 authorization" at KPBA as well as the proposed KDIS-FM predicted protected and interfering contours. As shown in Exhibit 2, prohibited contour overlap will neither be caused nor received with respect to the short-spaced station. Therefore, the instant proposal satisfies the provisions of Section 73.215 of the FCC Rules.
