

**WNJR-FM  
RENEWAL OF LICENSE  
EXPLANATION REGARDING ADHERENCE TO MINIMUM OPERATING SCHEDULE**

WNJR-FM is unable to certify that, during the preceding license term, the station has not been silent (or operating for less than its prescribed minimum operating hours) for any period of more than 30 days. WNJR-FM was silent for the following quarters:

- 2018 Q4
- 2019 Q1
- 2019 Q2

During the Fourth Quarter 2018, WNJR-FM lost the use of its licensed antenna site, when the building closed for renovation. The rooftop pole supporting the station's antenna was dismantled due to severe structural issues. The building owner decided not to replace the pole, forcing the station to permanently remove its antenna and go silent on October 30, 2018. This is documented in the following "Notification of Suspension of Operations / Request for Silent STA" application:

- **File number: BLSTA - 20181107AAJ**

An existing tower structure at another site was made available, and WNJR-FM began the process of moving the antenna to the new site and filing the necessary application and construction permits, as documented in the following "Application for Construction Permit for Reserved Channel Noncommercial Educational Broadcast Station":

WNJR-FM then returned to full-power operation in January of 2020, as documented in the following "License To Cover for FM Application":

Thank you very much for your consideration of these circumstances.
